Enterprise introduction

Kartex International is a global leading supplier of all kinds of spindles, with the experience of more than 30 years, focusing on customer needs and continuous innovation. We have expanded our cooperation with home and abroad spinning machinery and cotton textile mill manufacturers, with the aim to provide technical support and high-qualified products. Currently we can offer various categories of cotton spinning spindle, wool spindle, twisting spindle and other special spindles to order. In the past years we have established long good cooperations with many customers from Pakistan, Bangladesh, India, Indonesia, Thailand, Vietnam, Turkey, Syria, Egypt, etc. We have won many good reputation up to now, we trust we could do even better along with them in the future based on mutual benefits and friendship.

Our president Mr. Alastair has welcomed all the friends from over the world to our company and negotiated to develop to make a brilliant future!
